Aggressive Dog Policy (1/2011)

Instructions to Instructors & Club Members

1. Any dog that exhibits behavior such as excessive lunging and barking, snapping, biting or attempting to bite is to be excused from the building. If the incident happens during class, the instructor will either request the owner/handler remain to discuss the incident, or have the Training Director contact the handler to determine options for future classes or activities. An Incident Report will be filled out and put in one of the locked "dog houses" on the counter, file top.
2. Any dog that is reactive in a crate will be crated in an area away from dog/person traffic.
3. Dogs that bark or whine when crated to the extent that people can't hear, and other dogs are upset will be kept in the car or held on leash any time the dog would otherwise be crated.
4. Dogs should remain on lead any time they are not involved in specific off-lead training. The exception to this policy will be those times when a small group of dogs are present, and all owners are in agreement.
5. Dogs having space issues should wear a bandana to alert other dog owners that this dog needs more space.

Procedure

1. An Incident Report of behaviors such as excessive lunging and barking, snapping, biting or attempting to bite, will be forwarded to the Training Director. The Training

SMDTC YEARBOOK

director will request an assessment of the situation from the instructor involved, person involved, and/or witnesses to the incident.

2. Review of the report must be started by five days after the Training Director receives the Incident Report.
3. The Training Director will determine what steps, if any, should be taken. If further steps are deemed necessary, the Training Director will advise the Board so that an "Incident Committee" can be named and convened to research the matter. The Incident Committee will consist of five members. A new Incident Committee will be appointed for each incident that is reported.
4. The Incident Committee will thoroughly research the matter, request any documentation, interview witnesses, and make a recommendation to the Board.
5. If the Incident Committee recommends excusal of the dog from future SMDTC activities, the only recourse is to follow the Reinstatement Process
6. If a dog bites a person, the Incident Committee will determine if the bite was justified and make any recommendations accordingly.
7. If the Incident Committee finds that the reason for biting is not acceptable, and/or if the dog has a history of biting, the dog will not be eligible for reinstatement. The club's insurance agent, as well as legal counsel has explained that if we allow a known biter to participate in club activities and it bites again, and that bite results in a claim, our insurance will likely be dropped, making it likely that we become uninsurable.

Reinstatement Process

1. The owner/handler must send a letter requesting reinstatement to the President for Board consideration.
2. The letter must state the reason(s) why the dog should be reinstated and what actions have been taken to remedy the problem.
3. A \$100 non-refundable check or money order payable to SMDTC must accompany the reinstatement request as well as all documentation pertaining to the reinstatement.
4. The Board will name a "Reinstatement Committee" to thoroughly review the reinstatement request. This committee will be composed of five members including at least two members who served on the Incident Committee. This committee will make recommendations regarding reinstatement to the Board. A new Reinstatement Committee will be appointed for each Reinstatement Request.
5. Only one reinstatement request per incident will be honored.
6. The Board's decision, based upon the Reinstatement Committee's recommendation, will be final.

11. A Tribute Memorial Fund will exist, so those donations can be made in the name of a person or a dog. When the amount donated in one person or dog's name totals \$50 arrangements will be made for the Club to purchase a brick with a message of the person's choice for placement in the new building.
